THOUGHT AND COMMENT

INDUSTRIAL DEVELOPMENT OF RICHMOND WATERFRONT IS THREATENED

UPON THE DECISION TO BE RENDERED THIS MORNING BY THE CALIFORNIA STATE RAILROAD COMMISSION WILL DEPEND THE FUTURE DEVELOPMENT OF RICHMOND'S WATERFRONT AND RICHMOND'S INDUSTRIAL DEVELOPMENT AS A WHOLE.

IF PERSISTENT RUMORS THAT RAILROAD COMMISSION ENGINEERS WILL DEMAND A SUBWAY FOR THE SPUR TRACK TO CROSS CUTTING BOULEVARD TO SERVE THE INNER HARBOR WHARF ARE TRUE, AND IF THIS IS THE DECISION OF THE COMMISSION TOMORROW RICHMOND'S INDUSTRIAL DEVELOPMENT WILL BE SET BACK FOR A MATTER OF TEN OR FIFTEEN YEARS.

RICHMOND BOOSTERS SHOULD TURN OUT THIS MORNING AND CROWD CHAMBERS OF THE RAILROAD COMMISSION AT TEN O'CLOCK WHEN THE HEARING IS HELD.

CITY OFFICIALS AND BOOSTERS OF THE CITY HAVE VOICED THEIR INTENTION OF ATTENDING THE SESSION AND OPPOSING ANY SUBWAY OR OVERHEAD CROSSING, CONTENDING THAT A GRADE CROSSING WILL BE SAFE. THERE IS NO TELLING WHAT ATTITUDE THE COMMISSIONERS WILL TAKE AND IF THE RUMORS WHICH HAVE BEEN PREVALENT CAN BE TAKEN INTO CONSIDERATION THEY WILL DEMAND SOME CROSSING OTHERS THAN A GRADE CROSSING.

THE FACT THAT THE SOUTHERN PACIFIC CROSSING AT CUTTING AND PULLMAN AVENUE IS NOT A GRADE CROSSING WILL NOT BE TAKEN INTO CONSIDERATION. THE FACT THAT DOZENS OF TRAINS CROSS THE SOUTHERN PACIFIC CROSSING EACH DAY AT A HIGH RATE OF SPEED WHILE ONLY A FEW SLOW MOVING FREIGHT TRAINS WILL USE THE PROPOSED SPUR TO THE INNER HARBOR MAY ALSO BE SMOTHERED UNDER A BARRAGE OF TECHNICALITIES.

RICHMOND'S FUTURE IS WITHOUT QUESTION IN THE INNER HARBOR AT THE PRESENT TIME AND WILL BE FOR MANY YEARS TO COME. THOSE WHO HAVE REALIZED THIS HAVE FINALLY MANAGED TO BRING ABOUT THE CONSTRUCTION OF THE INNER HARBOR WHARF AT A COST OF MORE THAN \$85,000. ALL OF THIS MONEY WILL HAVE BEEN WASTED IF THE RAILROAD COMMISSION SO DESIRES TOMORROW MORNING.

"THEY WOULDN'T DO ANYTHING LIKE THAT" WAS THE STATEMENT VOICED ON THE STREETS A NUMBER OF TIMES YESTERDAY.

BUT THAT SAME RAILROAD COMMISSION HAS RAISED THE FARES ON THE STREET CARS TO SEVEN CENTS, TWENTY ONE CENTS FOR RICHMOND AND THEY HAVE STIFLED BUS COMPETITION.

RICHMOND SHOULD BE ON HER TOES. IT WILL BE TOO LATE FOR A REMEDY AFTER THE COMMISSION HAS MADE ITS DECISION. THE HEARING IS AT TEN O'CLOCK THIS MORNING AND IF YOU HAVE THE INTEREST OF RICHMOND AT HEART YOU WILL BE THERE.

Fined \$100 for Drunken Driving

Jack Forrest, of Oakland was fined \$100 when he appeared before Justice of the Peace John Roth yesterday and pleaded guilty of a charge of driving while intoxicated.

Forrest was arrested by Constable A. A. Alstrom on Sunday at Giant when Forrest had driven his car off of the highway.

Pending the trial, Forrest was held in the city jail on Sunday night and Monday morning in lieu of \$500 bail or \$1000 bond.

Asks \$150,000 As Heart Balm

(By Universal Service) BALTIMORE, Md., May 3.—To be engaged nine years to a sixty-year old widower is worth \$150,000 is the opinion of Miss Nellie Rouse who has brought suit for that amount against Dr. Melville Hamilton Carter, a millionaire. Dr. Carter was married two months ago to Miss Mary E. Gold, of Richmond, Va.

A. L. Paulsen will leave tonight on a business trip to Los Angeles and vicinity.

Meat Ordinance Again Postponed

The meat ordinance scheduled to be presented to the city council last night was again postponed and will be taken up at the next session of the council.

Mayor W. W. Scott announced to the butchers, a large delegation of which was present at a meeting at which the ordinance had been prepared and that the members of the council had read the clauses contained but were not satisfied with the clause referring to chickens and rabbits. With the elimination of this clause, the ordinance will be complete and will be presented at the next meeting of the council.

Council Grants Special Permit

Upon the recommendation of the city planning commission, the city council last night granted A. Reeves and P. Reeves permission to conduct a school lunch and grocery on Twenty-fifth street between Downer and Clinton avenues. The City Attorney T. M. Carlson was instructed to prepare an ordinance reclassifying the zoning to permit the conducting of the establishment in that district.

Radio Burglar to Face Murder Trial

(By Universal Service) NEW YORK, May 3.—Paul Hinton, the "radio burglar" has been pronounced sane by a committee of alienists, it was announced today. He will go on trial tomorrow on a charge of killing patrolman Arthur Kenny. He is also accused of stealing hundreds of radio sets.

CONTRACTS FOR NEW SCHOOLS ARE AWARDED

Carl Overaa and Brooks Parker are Successful Bidders on General Contracts

Carl Overaa was last night awarded a contract by the Board of Education for the construction of the Kensington School and an addition to the Grant School and Brooks Parker was awarded the general contract for the Harding School. George A. Schuster was awarded the contract for the heating plant at the Kensington and Grant schools while W. A. Aschen will install the heating plant at the Harding School.

Work on all of the buildings is to start at once and will be completed as soon as possible. Overaa's bid on the Kensington school was \$40,637 while his bid on the Grant school was \$14,916. Parker's bid on the Harding school was \$48,914.

Schuster's bid on the heating plants was \$891 for the Kensington school and \$1,672 for the Grant school. W. A. Aschen's bid on the heating plant at the Harding school was \$3,738.

The two old buildings which have stood on the Grant school property since it was first purchased were sold to J. P. Reeves for \$225. He was the only bidder.

The additions to the Grant school will include new classrooms and a new heating plant.

The new Kensington school will consist of a five room and small auditorium brick building on Arlington avenue.

Eight rooms are planned for the Harding school. Both the Kensington and Kensington schools have been so arranged that when necessary arises more rooms may be added.

A similar hearing has been allowed Ralph Arnold and A. K. Thayer, of San Francisco, youths jointly convicted of murder and sentenced to the Potosi penitentiary scaffold.

The improvement of Cutting boulevard near Pullman was requested to be also considered at this time and the Superintendent of Streets was requested to investigate the matter.

Many Soft Drink Permits Asked

Eleven requests for permission to conduct soft drink concessions in conjunction with their regular business was received by the city council last night. In each of the cases the matter was referred to the license committee to be requested at the next meeting of the council.

Those requesting licenses are: M. A. Badgett, 1223 Macdonald avenue; R. C. Rodriguez, 210 Macdonald avenue; J. Marisch, 714 Macdonald avenue; Nic Staraky, 815 Macdonald avenue; Felix Bap-tist, 2228 Macdonald avenue; Rudolph Schwarzer, 432 Macdonald avenue; E. S. Martinez, 267 Twelfth street; Mrs. Bottini, 1600 Macdonald avenue; L. Brockway and R. Nisig-ka, 1524 Macdonald avenue and Shidich and A. Shubat, 999 San Pablo avenue.

(By Universal Service) SACRAMENTO, May 3.—Canned food totaling \$100,000,000 in value were produced in California during 1925 and 95% of the canners output was shipped out of the state. It was announced today by state director of agriculture, George Heck.

Local Inventor Uses Radio to Locate Stills

Julius Geritz Finds Way to Locate Electrically Operated Liquor Stills

Exit: The Electric moonshine still.

Cause: Julius Geritz, 160 South Fortieth street, Richmond.

Geritz who is employed as a mechanic at the Standard Oil plant here, stumbled on the secret of detecting moonshine stills while locating interference. During his spare time Geritz, who has been a radio fan since 1910 experiments with the radio and locating and stopping interference is his fondest hobby.

Most of the trouble from interference since 1910 has been electrical equipment, according to Geritz, but since the advent of prohibition a new one has entered. This is none other than the electrically operated moonshine still, he asserts.

Raiding squads riding in high powered cars with super-sensitive receiving sets are expected to make short work of the electrically equipped still in the future.

According to Geritz, who is a member of the American Radio Relay league, considerable trouble has been experienced in the interferences caused by the electrically operated moonshine still. The still causes more interference due to a higher frequency and is more easily picked up than any other equipment. The power which is used for these is brought in an heavy lines, which radiate the interference and are easily traced.

Geritz has been working with a high powered super-sensitive set for many years and is at present constructing another set which will be even stronger than the ones with which he picked up stills with little trouble. The set will be portable and according to the builder will be used to further the work of the Relay League in locating interferences.

Geritz denied last night that the set was being built for prohibition officers to be used in cars to run down electrically operated stills.

Paving Plans Are Progressing

The city council last night received a communication from the Key System Transit company, stating that it is willing to remove its fences so that the work of improving Standard avenue on the way to the Richmond-San Rafael ferry can be done by the city. In reporting on the matter, Superintendent of Streets E. A. Hoffman said that he felt assured that the Standard Oil company would assist the city in the work.

The improvement of Cutting boulevard near Pullman was requested to be also considered at this time and the Superintendent of Streets was requested to investigate the matter.

Plans Are Made to Fight Forest Fires

(By Universal Service) SACRAMENTO, May 3.—Plans for combating forest brush and grass in conflagrations during the coming season of hot weather and fire hazards were formulated today at a meeting of state forest rangers, county fire wardens, county foresters, and federal forest service men which will continue through tomorrow.

Theatre Ceiling Falls, Injuring 7

(By Universal Service) WILKESBARRE, Penn., May 3.—Thirty theatregoers were injured today when the ceiling of the Savoy Theatre, a motion picture house, crashed during a performance. Six of the victims are in hospitals and one may die.

El Cerrito to Call Election For Annexation

The petition asking for the calling of an annexation for the Richmond Annex district to the city of El Cerrito was placed on file by the El Cerrito Board of Trustees last night. The city clerk was ordered to certify the signatures by next Monday night at which time a resolution calling for the election will be placed providing a sufficient number of bona fide voters have signed the petitions.

BAND STAND BIDS ASKED

The city council last night favorably accepted the plans for the proposed band stand to be erected in Memorial park and set Tuesday May 17 as the date for opening bids on the building.

According to the plans presented by Councilman Mrs. J. H. Chandler, chairman of the park committee, the building will back on Biswell avenue and face the Memorial hall. Included in the building will be the band shell, and dressing rooms for men, women and the band. The height of the facade will be thirty-eight feet with a width of forty-one feet and a depth of thirty one one-half feet.

The band shell will be twenty-one feet deep assuring ample room (Continued to page 5)

Final Rites for Oscar Straus to Be Arranged Soon

(By Universal Service) NEW YORK, May 3.—Arrangements were being made tonight for the funeral of Oscar Straus, former United States Ambassador to Turkey, Secretary of Commerce and Labor in President Roosevelt's cabinet and one of the leaders of the Jewish race who died today of heart disease.

Under present plans, funeral services will be held Wednesday morning in the Temple Beth-El, 5th avenue and 76th street.

Company Protests Solicitors Tax

A protest in which the C. F. Adams company held that they had been taxed for licenses under an obsolete ordinance of the city was received by the city council last night. In the protest, the company requested a refund of the amounts above the taxes in the former ordinance and requested that the permit be granted to them as a company instead of being forced to secure a permit for each solicitor employed by them.

The former ordinance called for a tax of \$15 per quarter for each solicitor and the ordinance now in effect reduces this amount to 15 per annum. The matter in regard to the refund was referred to City Tax Collector J. O. Ford to be reported upon at the next meeting. But in regard to the request that the permit be granted to the company as a whole instead of the individuals employed by them was held to be in opposition to the ordinance.

City Invited To Music Week

An invitation from the music week committee of San Francisco inviting the resident of Richmond to attend the programs being held in San Francisco this week was received by the council last night. The invitation which was signed by Chester Rockmans, director, was ordered filed by the council and Mayor W. W. Scott urged all who could to attend.

NEW STREET LIGHT

The city council last night favored the installation of a light at the intersection of East street and Critchett avenue, as requested by the residents of that section several weeks ago. The project received the endorsement of the lighting committee.

A permit to construct a one-story garage on the east side of Thirty-eighth street, between Wall street and Cutting boulevard.

SUSPECTS IN CHICAGO WAR TO SURRENDER

O'Donnell Brothers Who Rode In Death Car May Surrender To Federal Authorities

(By Universal Service) CHICAGO, May 3.—The O'Donnell brothers, William and Miles, the two survivors of gangland's latest flare are ready to surrender to the Federal authorities. The O'Donnells were in the same machine in which William H. McGwigin, an assistant State's attorney and Thomas Duffy and James Doherty, gangsters, were killed last Tuesday night.

The information that the O'Donnells would surrender came from their friends who have made overtures to the authorities in paving the way for the surrender. They have been hiding out since the night of the shooting.

The friends said that the two men wanted to give themselves up to the Federal authorities to escape possible death and to assure themselves of a assured deal. The men believe they are marked for death by the same gang that killed the three men. The men do not want to surrender to the police.

At the same time, reports were prevalent that the Federal government would take over the entire investigation into gangland, to avoid the bickering between opposite forces that has characterized the probe so far. Edwin A. Olson, United States District Attorney refused to comment on the statement.

State's Attorney Robert E. Crowe, is continuing his plans for presenting evidence to a special jury that has been called to investigate the gangland condition. Attorney General Oscar Carlson will assist him.

Harry Eugene Kelley, president of the League Club is fighting this move. His plea for a special States attorney in the case, has been re-echoed by other civic leaders and yesterday by the churches.

Officers Named By Boy's Hi-Y

New officers were elected by the Boy's Hi-Y when it met last night in the Y. M. C. A. Bob Burns, president; Everett Tittermore, vice president; Bobby Wren, secretary; Ralph Giberson, treasurer; Bob Caldwell, program; William Hillier, service; John Cussak, publicity and Reed Hollock, membership, are the new officers.

The boys plan to hold a stag theatre party on May 14 at the Orpheum theatre and on May 24 a coed party and the installation of officers will be held. Dutch Holland had charge of last night's meeting.

Canada Facing Carpenter Strike

(By Universal Service) VANCOUVER, B. C., May 3.—D. J. McNeven, deputy minister of labor, will arrive here from Victoria tonight, to investigate the building trade strike and aid in settling it. Victoria carpenters will hold a mass meeting tonight and there is danger of the strike spreading to that city, it was intimated here. Fifty ironworkers and engineers employed on one Vancouver job, where the carpenters walked out, rather than agree to abandon their five day week demand, quit in sympathy with the carpenters.

A general call to other crafts to reinforce the carpenters, may be sounded by labor headquarters, it was thought here.

Communist Member Of Parliament is Facing Arrest

(By Universal Service) LONDON, May 3.—A warrant for the arrest of Shapurji Saklatvala, communist member of the House of Commons, was issued in the Bow street police court tonight. He is charged with making seditious statements.

Saklatvala, who was last year barred from entrance to the United States as a dangerous person, when he sought to come to the Interparliamentary Union Congress at Washington, sat smiling in the House when the weary Prime Minister, Stanley Baldwin, rose to speak. In the course of his speech the Premier turned toward the communist member and remarked: "I suppose this situation is pleasing to Mr. Saklatvala."

Police Guard Labor Paper as Others Close

(By Universal Service) Special Cable Dispatch LONDON, May 3.—(Times) 19:30 a. m.—Scotland Yard at midnight threw a cordon of police around the offices and plant of the Daily Herald, labor newspaper, to prevent reprisals by Fascists for stoppage of the conservative and liberal journals.

A large crowd was gathered about the building, but there was no disturbance. The Herald office was closed down before midnight, after the issue of an early edition of the newspaper.

The conservative and liberal papers felt the strike when the printers and other trades were called out, the Daily mail being the first to close when the men refused to set up an editorial attacking the strike.

At midnight the strike in sympathy with the coal miners became effective.

The solidarity of the unions and the paralyzing effect of their plans is already demonstrated in the suppression of the newspapers. No evening papers were able to publish the details of the negotiations, the parliamentary proceedings or the government's plans to mobilize the nation's forces this afternoon.

Henceforth the House of Commons will be the only public forum from where reliable information can emanate and, on account of the suppression of the newspapers, this will not be available to the people except through periodically broadcast messages.

For the next few days the European continent and the United States are likely to know more about what is happening in Britain than the British people themselves.

A dramatic instance of how rumor is able to surprise people was furnished tonight when a government spokesman denied that 500 soldiers had been shot because they refused to obey strike orders.

This was the first intimation that any trouble had been caused in the barracks. London has become a rumor factory with the usual sources (Continued on Page 8)

GREAT CLASS STRUGGLE ON IN ENGLAND

Newspapers Discontinue Publication as All Union Workers Are Called Out

(By Universal Service) R. H. STANSBURY

LONDON, May 3.—The great class struggle in Britain which in the past decade has been foreseen by the world's keenest observers, is at hand.

At midnight the strike in sympathy with the coal miners became effective.

The solidarity of the unions and the paralyzing effect of their plans is already demonstrated in the suppression of the newspapers. No evening papers were able to publish the details of the negotiations, the parliamentary proceedings or the government's plans to mobilize the nation's forces this afternoon.

TAMALPAIS GIRLS NOT TO ATTEND CAMP

Because of transportation difficulties, the Tamalpais Campfire Girls will not attend the camp to be conducted by the various groups of the county in Mitchell Canyon, May 7, 8, and 9.

Plans for a hike to the summit of Mt. Tamalpais are being made but no date has been set. The hike will probably be held the latter part of the month. At the next meeting of the council the entire meeting will be devoted to honor work and the requirements for rank, according to an announcement made by Mrs. W. G. Miller, guardian.

Daily Fashion Hint

AN ATTRACTIVE MODEL

The cape note is one that is highly accented in the latest fashions of the season. In addition to the cape the model pictured features a deep opening at the front, which may be of contrasting material if desired. A round collar finishes the neck, while the sleeves are trimmed with turn-back cuffs of self-material. Crêpe satin, crêpe de Chine or the light-weight woollens may be used for this design. Medium size requires 3 1/2 yards 36-inch material.

Red Men Arrange For Days of '49

The big "Days of '49" celebration that will be staged by the Red Men of the Onetah council on May 5, 6, 7 and 8, will include many novel and awe inspiring acts. The special feature of the nights when the "lawlessness" prevails will be Eddie Sandow, Jr., who will exhibit feats of strength. One of his acts will be to place himself in the path of a seven passenger-car, loaded with fitch people and the car will pass over his body. This act will be staged every evening at 7:30 o'clock at Eleventh street and Nevin avenue.

Mary Rodriguez, late of Spain, who is said to be the strongest woman in the world will provide another big act, she will bend horseshoes, 20 penny spikes and three quarter inch iron bars.

The show, which will be started tomorrow night promises to be one of the biggest events that the Onetah tribe has ever held. When the lodge met last night to discuss final plans, many interesting events in the lodge circles for the coming meetings were discussed. The adoption degree will be conferred next Monday night and on Wednesday night the lodge will journey to Pinole to confer the Warrior's degree. On May 17 the Warrior's degree will be conferred here.

Following last night's sessions, the lodge spent the remainder of the evening in drill, preparatory to meeting the Shenadoah tribe of Pinole in the near future in competition for the county drill cup that is now held by the Shenadoah tribe of Pinole.

Dr. Breed Visits Here Returning From World Tour

Mrs. L. M. Breed, who has just returned from a trip around the world is a visitor at the home of her brother, R. L. Wood, 547 Twentieth street, where she will remain for a few days before going to her post at a Pasadena hospital.

Dr. Breed declares that the sight that impressed her the most was the well cared for cemetery for American soldiers in France. She reports that monuments are now being erected over the graves to replace the wooden crosses.

During her trip in Germany she declares that the Germans are still burying their war dead.

China, the seat of unrest, was another country that she visited and in many places there she was denied admittance because of the trouble.

Thirty years ago she established the first hospital in India and upon returning to that country she was amazed to find that it had not changed in all the years.

Dr. Breed declares that she saw some of the most beautiful countries in the world but after all they could not compare with America, especially, California.

ELKS ATTEND THEATRE PARTY

About seventy-five members of the Richmond lodge of Elks attended the theatre party that was given last night at the Oakland auditorium for the benefit of the Elks Athletic club. Frank Tiller is head of the athletic committee and he reports that a large sum was realized by this party for the benefit of the club athletes.

The show was "The Red Mill" a comic opera, and it was thoroughly enjoyed by all who attended it.

MRS. MAGGIE COOK TO ENTERTAIN YEOMEN

Mrs. Maggie Cook will entertain the Richmond Homestead of Yeomen and sewing club on Monday night at the lodge rooms, it was announced when the Homestead met last night in the W. O. W. hall for a short business meeting. W. L. Lane conducted the session.

ROYAL NEIGHBORS HOLD BIRTHDAY PARTY

The birthdays of the members that occur in May were celebrated when the Royal Neighbors met last night in the Memorial hall for a short business meeting. At this time a large group of candidates was initiated under the direction of Carlotta Sheldon.

Mae Marshall, Signa Lyons, Fanny Spring, Frances Kearney and Ida Hansen were in charge of the banquet.

The sewing club will meet Thursday, May 13 at the home of Mrs. Frances Kearney 2016 Roosevelt avenue. The session will start at 1 o'clock.

Veterans of Foreign War to Meet Tonight

Commander Ralph Wood of the Honor Post, Veterans of the Foreign Wars has announced that it is vitally necessary that all members of the honor post be present at the meeting to night in the memorial hall. Business of importance will be taken up at this time and no member will be taken up at this time and no member will be allowed to go A. W. O. L.

TIRED, TENDER FEET

JUST take your shoes off and then put those weary, aching, burning feet of yours in a "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions. There's nothing like "TIZ."

It's the only remedy that draws out all the poisons and acids which puff up your feet and cause foot torture.

A few cents buys a box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get how comfortable your shoes feel.

Shell Company Protects Tanks Against Fire

To protect three huge concrete reservoirs in Martinez from damage caused by lightning, the Shell Oil Company is installing an anti-lightning device consisting of varying sizes of wires strung cross above the huge storage basins. The company is well equipped with a large foamite system for the protection of the steel tanks, but this system does not carry to the reservoirs where millions of gallons of oil are stored.

The anti-lightning system is so designed that lightning will be attracted and grounded before it has a chance to strike the basins. The Shell Oil Company has three huge reservoirs at Martinez; one of 500,000 barrel capacity, another of 1,000,000 barrel and a third of 1,500,000 capacity. With insurance rates doubled on oil tanks and tripped on reservoirs as the result of the recent damages to the Union Oil tanks at San Luis Obispo and Brea, the Shell Oil Company is taking every precaution necessary for the protection of their interests.

Spencer Final Rites Are Held

Funeral services for Earl R. Spencer, were conducted yesterday morning at 10 o'clock from St. Mark's Catholic church with Rev. Father Collins officiating. Members of the Richmond Post, American Legion, to which Spencer belonged and the auxiliary were present at the services. Interment was in St. Joseph's cemetery and arrangements were in charge of the Bert Curry funeral service.

MANY THRILLS IN PICTURE AT THE CALIFORNIA

Imagine, if you can, a ship on fire at sea. A leopard has escaped from a cage on the deck and is driving the panic-stricken passengers into the water. One man and one woman are left aboard and when they rush to the last remaining lifeboat they find the leopard crouched in it ready to fight for possession.

That is only one of the many remarkably thrilling episodes in "The Half Way Girl," First National's latest feature picture, which opened last night at the California Theatre for a two days stay. Even more thrilling is the spectacle of the ship being blown to atoms, stirring fights between men over a woman, a beautiful love story, colorful settings and extraordinary photography. This is one of the best pictures Earl Hudson has ever made for First National.

In the featured roles are Doris Kenyon and Lloyd Hughes, supporting them is a cast consisting of Hobart Bosworth, Sam Hardy, Tully Marshall, Teddy Sampson, Sally Crute and Charles Wellesley. John Francis Dillon, who made "Blaming Youth" and "Chickie," directed.

Other features on the same program include "Mama Belave," a Charlie Chase comedy; Robert C. Bruce scenic subject, "Topic of the Day," "Aesop's Fables," and Larry Canele, at the organ.

New York Elevated Train leaps Street Chasm, Batters Hole in Wall and Plunges Into Store

While a train of empty elevated railroad cars was being moved to storage tracks in New York City the motorman lost control and the first car crashed through a heavy buffer. The car moved out

into space into a wall and scattered the stock of a shoe store housed in the building. The proprietor of the store had just stepped into the street and escaped injury.

Central Furniture In New Location

The Central Furniture Company is now located in its new home, 1206 Macdonald avenue. The new store has been completely remodeled and re-decorated throughout. A mezzanine floor has been installed to accommodate the large stock of furnishings, which the company has received from the factory.

John Kaplan and A. Vukelich, owners, announce that the stock has been augmented and that all of the furniture of the highest quality and is received direct from the factory.

Barkwill Final Rites Today

Funeral services for Rex Barkwill, 36, will be held from the Bert Curry funeral chapel this afternoon at 2 o'clock with the Richmond lodge of Elks of which Barkwill was a member, officiating and interment will be in the Elks burial plot in Sunset View cemetery.

Barkwill, who passed away last Friday at his home, 1918 Chanslor avenue, was an overseas veteran of the World War. He is survived by a widow, Mrs. Margaret Barkwill, and a son, John R. Barkwill, both of Richmond.

Quarry Worker Is Injured

While working on a wharf near the Healy-Thibbs quarry, W. Wilson sustained injuries to his back when a heavy timber fell upon him.

He received emergency treatment at the Abbott Emergency hospital, where he was rushed in a Wilson and Kratzer ambulance following the accident. The extent of his injuries are undetermined and he has been taken to a Berkeley hospital for further examination.

Tunnel Road Work Progresses

The Tunnel highway has been opened to restricted traffic after having been closed entirely to traffic for a month, while a two-mile stretch of the road was widened. Between the hours of 5 p. m. and 8 a. m. daily, the road will be opened to traffic, until June 1, when it is expected that the work will have been completed.

Between the Tunnel and Oak Villa, the road is being widened to thirty feet and J. P. Holland, contractor, who is working on a forfeit basis, expects to have the work completed within the time specified in the contract.

The Splendid Road Is Pleasing Many At the Richmond

"The Splendid Road," latest of the Frank Lloyd-Brown National releases, which opened at the Richmond Theatre last night, has its brilliant moments and its moments of suspense and thrill—and also its moments of sorrow and despair.

With Anna Q. Nilsson, Lionel Barrymore and Robert Frazer featured in a romance of the California gold rush days of '49, the matter of entertainment is something to be taken for granted.

Miss Nilsson as Sandra, has probably never been seen in a sweeter, more dominant character role. Robert Frazer as Halliday is a delightful Lionel Barrymore as Dan Clecholis gives a sterling performance in a part which might easily be unsympathetic. All down the line in the supporting cast one can list excellent performances.

Edward Earle as Dr. Edwell is superb as is Edwards Davis as the firm banker, Paulson. Clifton plays a jealous dance hall girl with considerable fire and Gladys Brockwell puts her heart into the character of Satan's Sister. Marjorie Day contributes a splendid dramatic spark. A brilliant future seems destined for her.

DeWitt Jennings has excused himself from grilling detective roles long enough to give a military display and Captain Edwidge, the ship commander, and Russell Simpson, as Capt. John Lightfoot, head of the squatters, leaves nothing to be desired. Santa Edwards plays Hop Lee, a pioneer California landman, and three very clever children, Mary Jane, Mickey, Marion and Baby Bobbie. James are the center of attraction when they are on the screen. Little Mary Jane gave the finest emotional performance it has been our pleasure to witness and even in her childish way she registers every feeling with understanding and feeling.

Other features include "Why Hesitate," a Neal Burns comedy; "Topics of the Day," and "Aesop's Fables."

Duffy Estate To Go to Court

Whether Public Administrator Charles E. Daley or Patrick O'Marie cousin of the late Thomas Duffy of Richmond, has prior right as administrator of his estate will have to be decided by the courts.

Daley, through his attorneys, Roger and Bray, filed a petition in Superior Court for his appointment as administrator. O'Marie through Attorney's Pierce and Carlson, also filed a petition. The court must decide who has the prior rights.

Duffy, who died in Richmond last week, left an estate valued at \$12,000. Considerable litigation is expected.

Public Administrator Daley is endeavoring to locate two brothers of the deceased, Peter Duffy and Edward Duffy of Chicago.

Week-end Accidents Are Few in this City

But four machines were damaged and no one was hurt in two accidents, Richmond's quota for the week-end.

Automobiles driven by Dr. E. R. Guinan and Canedo Buccarelli, 206 Forty-first street, collided at the intersection of Thirty-seventh street and Wall avenue. Both cars were badly damaged.

Belden Sanderson, 2839 Santa Fe avenue, Alameda, crashed into a parked car belonging to William Ellis, 446 Dimm avenue, Mira Vista.

Funeral Rites for Infant Tomorrow

Funeral services for William Remo Rossi, infant son of Mr. and Mrs. John Rossi, 107 Cypress avenue, El Cerrito will be conducted from the Catholic church in El Cerrito tomorrow afternoon at 2:30 o'clock.

The child passed away at the family home yesterday morning and was eighteen months of age. He is survived by his parents and was a nephew of G. Rossi, Angelo Rossi, of El Cerrito; Peter Rossi of Italy; John Moratti, Mrs. Rose Peloni, Josephine Moratti, Joseph Moratti, Mario Moratti, all of El Cerrito.

Safeguarding The Widow

Men often practice extreme self-denial in carrying the limit of life insurance in order that their families may be fully protected later on. Then the insurance money frequently is lost through tempting, but unfortunate "investments." Happily, the head of the family can now discount this danger by creating a Life Insurance Trust. It provides a certain income for the widow over a long period, the plan presents many sound features that trust officers of the Mercantile Trust Company of California would be glad to explain to you in detail.

Gomez Funeral Rites Wednesday

Following an operation for appendicitis, Alvino Gomez, 49, of Torrey, passed away Sunday at a local hospital. Funeral services will be conducted from the Catholic church in Rodeo at 10 o'clock Wednesday morning and interment will be in St. Joseph's cemetery, San Pablo. The remains will be taken today to the family home.

Gomez was a native of Mexico and a resident of California during the past twelve years. He is survived by a wife, Mrs. Andre Gomez, and eight children, Apollonio, Bisenya, Enedia, Emelio, Jose, Rita, Salome, and Tiafelo Gomez, all of Torrey. He was employed by the Selby Smelting works.

Restraining Order Against Supervisors

Filed in the name of Charles M. Patton, of Richmond, a restraining suit has been brought against the board of supervisors to prevent them from issuing the warrant for a contract awarded to the York Products corporation, for a refrigeration plant at the county hospital in Martinez.

The York bid for the plant was \$3,253 and it is said that the bids of the Cyclops Iron works and the Vulcan Iron works of San Francisco, were both lower than the York bids. Superior Court Justice A. B. McKenzie yesterday issued an order demanding the supervisors to show cause why the restraining order should not be issued.

Switching of Street Cars Delays Traffic

A report on a check of traffic conditions on the Macdonald avenue east of the subway, requested at the last meeting of the city council, was presented at the session last night by City Superintendent of Streets E. A. Hoffman.

The check was made over a period of four days and showed that the number of automobiles delayed through the switching of cars into the car barns was as follows: On Wednesday, 101; Thursday, 105; Friday, 69 and Saturday, 67. The check was made between the hours of 7 a.m. and 7 p.m. and contained the time required to switch each car and the delay caused the vehicles during the switching.

The city council ordered the report filed and that a copy of the report be sent to the Key System Transit company officials.

At the last meeting of the council, that body ordered the survey made to ascertain whether or not traffic conditions on Macdonald avenue east of the subway were such as to request that the transit system make other arrangements for switching cars into the car barns. The city some time past requested the transit company to make use of Twenty-first street for the switches. The transit company requested a delay because of the expenses involved in such improvements and stated that traffic conditions at present did not warrant the changes.

Work Progressing On Project Of the East Bay Municipal Utility District, Report Shows

Honorable Board of Directors, East Bay Municipal Utility District, Oakland, California.

I have the following to report of progress during the past week, in the drafting room, much work has been done on structures for the Claremont Tunnel, camp buildings at Lancha Plana, design of dam for the Lafayette Reservoir, and for controlling the Rockridge Reservoir.

The measurement of ground water elevations in the Lower Mokelumne River Valley has been carried on throughout the week. Work has been completed on surveys and description of lands of the East Bay Water Company, and maps prepared.

Interest has continued in the proposed construction of the Claremont Tunnel, and 21 copies of the Plans, and Specifications have been furnished upon request. Of this number, two insurance companies have received copies. One present tunnel contractor for the District has secured a copy. Five prospective bidders have obtained copies of the plans and specifications covering the furnishing of access-ories for the Walnut Creek Pumping Plant.

At the end of the week, the inspector's reports indicated that out of a total of 14,124 plates ordered, 9,361 have been milled and passed inspection; 7,269 shipped and 6,876 received at the shop of the Berkeley Steel Tank and Pipe Company.

On board ship now in the harbor, or 48 per cent of plates required for Schedule C and that part of Schedule D west of Old River have been received at Berkeley, and nearly 60 per cent have been inspected and passed through the shop at Newport News, Va.

During the week, Smith Bros. Inc., contractors on the Lafayette Tunnel, accomplished the following work:

Excavation:
West Portal 67 ft.
East Shaft—West Heading 72 ft.
East Heading 17 ft.
Total 156 ft.
East Portal 71 ft.
Total Weekly Progress 227 ft.
Total to date 590 ft.
Percent of Tunnel Excavated to Date 38.9
Percent of Time Elapsed to 37.2
Concrete Lining:
Invert—East Heading of West Shaft 233 ft.
Arch—East Portal 248 ft.
Total Concrete Work for Week 481 ft.
Total to date 2194 ft.
T. E. Connolly, contractor on the Walnut Creek Tunnel, has continued concrete work in the tunnel and accomplished the following results: 285 feet of arch concreted or a total to date of 802 feet.

The contractors on Schedule C of the aqueduct, Twelv Bros. Company, completed 179 piers this week; 310 feet of trench excavated and 780 feet of pipe laid. On the

concrete conduit between the Walnut Creek Tunnel and the Lafayette Tunnel, 1,450 cubic yards of excavation was moved this week, while the excavation for the Walnut Creek pump house is completed and about 75 per cent of the forms for the concrete.

On April 26 there was a total storage of 5,869,000 gallons of water in the reservoirs of the East Bay Water Company, with an average daily supply pumped from the wells of 16,828,000 gallons. Below is given a comparative report on the storage of water in the reservoirs of this company on corresponding dates for 1925 and 1926:

April 29, 1925, Upper San Leandro, 231,590,000 gallons; Chabot, 4,226,570,000 gallons; San Pablo, 3,348,080,000 gallons; Temescal, 10,800,000 gallons; Total storage, 7,947,040,000 gallons. April 29, 1926, Upper San Leandro, 679,168,000 gallons; Chabot, 2,359,360,000 gallons; San Pablo, 2,677,490,000 gallons; Temescal, 144,280,000 gallons; Total Storage, 5,869,230,000 gallons.

At the request of the board, Mr. Horning has given considerable time the past week looking after the payment of taxes upon taxable property now owned by the District. George A. Woodland spent the greater part of the week negotiating with the delta farm owners, and procured signatures of five owners to six parcels of right-of-way, aggregating 22,899 acres, or a little less than 2 miles, at a total cost of \$3,037.00. These purchases are all in the vicinity of the Tokay Colony 13 miles northeast of Stockton. Some negotiations were carried on with the State for right-of-way across the State Farm and Hospital grounds.

The annual report has finally been received from the printer and is being mailed out to all interested parties.

Respectfully submitted,
ARTHUR P. DAVIS,
General Manager.

Power Company Rebuilding Line

The Western States Gas and Electric company is rebuilding its pole line on Central avenue from San Pablo avenue west to San Joaquin avenue, Richmond Annex.

Nine poles are being set, larger wire is being strung in, and an additional transformer is being erected.

This job is part of the El Cerrito and Richmond Annex, 1926, \$20,000 reconstruction program of the increasing of line capacities to take care of the large growth of the Cerrito and Richmond Annex. The estimated cost of the Central avenue job is \$1,500.

OIL TANKER TO BE REPAIRED

The Moore Drydock company, with a bid of \$27,980, was awarded the contract to repair the associated Oil company's tanker, Frank G. Drumm, damaged in the collision with the Shell Oil company's barge in the Racon straits last Wednesday. The only other bid was received from the Bethlehem Shipbuilding corporation, which submitted a figure of \$29,460.

A survey of the damage to the tanker was made by David Miller of Lloyd's and disclosed that nine plates of the bow will have to be renewed and sixteen plates replaced. In its bid, the Moore company agreed to do the work in twelve days, while the Bethlehem corporation stated that thirteen days would be required.

for a large group of musicians. The dressing rooms and band storage room will be to the rear of the shell.

Conferences have been held by the architect, Ernest Flores and members of the park committee, the park commission and the band so that every detail in the construction and planning of a practical as well as ornamental stand for memorial park has been discussed before approval was reached. The building will be of frame and six-in construction with a tiled roof. The facade is a design of a tower from the side elevations.

The gentlemen's rest room will be in the basement under the stand and the rest room for women will be in a building separate from the stand on the Thirteenth street side of the structure.

The Italian renaissance style of architecture depending for its charm on the uneven roof surfaces has been selected as best fitting the structure. The white stucco walls, contrasting with the red tiled roof is expected to enhance the park and add a pleasing vista from the Memorial hall. It is expected that shrubs will be placed to soften some of the sharp angles of the building, objected to by some of the members of the council.

The architect has not set an estimate of the construction and the approximate cost of the structure will not be known until the bids are opened.

Alec Hodges, Football Star and Boxer, Is Held As Bandit After Chase

Because he was "broke" and "too proud to borrow money," Alexander Reilly Hodges, Jr., 26 years old, formerly a football and baseball player and boxer at the University of Kansas, was held in New York City as a bandit. He is accused of threatening a restaurant cashier with a pistol-shaped cigarette case, seizing \$240 and attempting to escape in a taxicab. A policeman pursued in another taxi and brought Hodges down, when the former athlete dropped from his moving taxi, by a well aimed blow with his nightstick which he hurled.

Alien Property Not To Be Confiscated Is Plea of Solon

(By Universal Service)
WASHINGTON, May 3.—It would be contrary to American tradition and constitutional inhibitions to confiscate German property seized in this country during the war as England and France have done, Rep. W. C. Hawley, Republican of Oregon declared today.

"Unless the Government makes just recompense to the German nations, it cannot even take the property for public use," declared Hawley. He reply to an editorial in a New York newspaper.

Hawley is a member of the House Ways and Means committee now considering disposition of alien property.

"If other nations confiscate such property it is a sad example for us to follow," said Hawley.

"They will do as it seems good to them. We are not responsible for their acts or policies, but we are responsible for our own."

The editorial states that Great Britain, France and Italy uses the sequestered assets of the German Nationals, and that Germany agreed to reimburse her Nationals for the property so taken and employed. But the United States and Germany did not enter into such arrangements.

"I think it is our regard for our constitution, the obligations

Representative Scores Farm Subsidy Plan

(By Universal Service)
WASHINGTON, May 3.—Solemn warning that Great Britain has tried the subsidy plan until conditions are chaotic was sounded by Rep. John N. Tinker, Republican, of Kansas, in a statement attacking the Haugen bill to aid agriculture as a "straight out government subsidy plan" today.

"Never in the history of legislation was there a more unfair, vicious and vigorous lobby at work for a thing than there is for the government subsidy provided in the Haugen bill," charged Tinker.

Golett Salesman Is Given Long Term for Fraud

Superior Justice, Fred V. Wood yesterday sentenced Franklin P. Davis, found guilty on a charge of grand larceny in connection with the Golett Oil swindle, to serve a term of from one to ten years in San Quentin. Lenience was shown when District Attorney Earl Warren said that inasmuch as James Gough, alleged brains of the swindle is serving ten years that he would not oppose lenience for Davis.

Attorney Ernest Pagnuelo representing the defendants Edwin P. Reeves and his wife, Mrs. Peggy Reeves, filed a motion for a new trial when the two defendants appeared for sentence yesterday. Pagnuelo asked for a continuance until May 12, to confer with a brother of Reeves.

L. G. Gernhardt, the last remaining defendant in the swindle, appeared before Superior Court Judge L. S. Church yesterday morning and entered a plea of guilty to a charge of violating the corporate securities act. Sentence will be passed on him next Friday. The district attorney told the court that he felt that a fine in this case would be sufficient.

STANDARD OIL BASEBALL SEASON OPENS TOMORROW

MECHANICS AND ALL STANDARDS WILL TANGLE

Ogborn Will Hurl the Opening Ball While Ed Gray Will Try To Catch it

Tomorrow afternoon will see the official opening of the Standard Oil Twilight Baseball League at the First street diamond, when the Mechanics and All Standards cross bats for the opening game.

The official opening of the game will see the Standard Oil band march on the field and render the old favorite melody, the "Star Spangled Banner" and the two teams will stand on the base lines in salute. The vast crowd, that will fill the bleachers and grandstand, will hush their wild entreaties for their team to do its best.

Then the official opening ball will be thrown by R. T. Ogborn and Ed Gray, subbing for the man in the iron mask will try his best to stop Tom's speed ball. At this sight women will faint and strong men will cry.

Then will start the real game in the good old way. Ye fans will see Spike Elder give his pants a preliminary hitch, clear his voice, shift his breast protector, doff his cap, and glancing at the paper held in his hand will lift his voice to the high heavens and announce:

"Bat-ter-teees foah to-day-sh game Me-can-hiks KoegLER andl Bar-TOLL-I-A-I-I-standards Ro-Berts and Arm-en-TROT-Play ball!"

Then that bleacherite with the fog horn voice that was much in evidence at last year's games will lift his voice to the high heavens with:

"Spike-Yore LOU-ZEEEEE!"

Ah, what would the fans do if it wasn't for the man with the foghorn voice? That is half of the fun of the ball game to hear ye bleacherite yell.

Then onto the field will march the teams—the All Standards taking the field while the Mechanics will send off their men in batting order.

Who will win tomorrow's game? I don't know—you don't know—I don't know—but the Mechanics think they do. For this year the Mech-i-nicks have a real ball team and they are out to strut their stuff tomorrow afternoon.

TOGS LOSE A CLOSE GAME

The Richmond Togs of the Spaulding league lost a close game to the Panama Cardinals by a score of 6-2 at Oakland on Sunday.

Pericene pitched for the local team and allowed but one earned run. All of the other runs were gained on costly errors made by the local team.

Hirth slammed two out of the seven hits that the local team gained while the Cardinals were allowed but five bingles.

Mixup Prevents Baseball Games

Two Richmond ball teams appeared on the scenes on Sunday ready for anything. The facts are that they would have played some wonderful ball except for the fact that they couldn't find anybody that would play with them.

After a thorough investigation it was found that one of the most beautiful mix-ups possible had prevented the two teams from playing for the day.

The Modern Woodmen were scheduled to play the Oakland Garage at the Nicholl field and the Pullman team was supposed to meet the Albany Merchants. It was found that the Albany men were scheduled to play the Oakland team so the two got together and played, leaving the local team out in the cold.

Southern California Makes Bid for Track And Field Honors

(By Universal Service)

NEW YORK, May 3.—As a contender for the intercollegiate track and field championships at the end of this month, Southern California appears as formidable, in view of last Saturday's dual and triangular meets, as it has at any time during the past six months. There were few performances that made the East's outlook any more propitious than before the meets, though easterners may get consolation in the knowledge that there is almost an entire month of preparation left.

The announcement, which came almost simultaneously with the track results, that Stanford university would also send a strong squad on to the title meet did not change the gloomy aspect of the case. For the East probably the most noteworthy of yesterday's deeds was the running of a 4:24 3 mile by Karl Auer, of Dartmouth. But a victory by Auer in the mile would serve only to detract points from Harvard, one of the principal eastern hopes to stop the western invaders.

"Red" Haggerty, the crimson miler, has virtually been conceded first in that event.

By far the most encouraging eastern race was turned in by Ray Wolfe, the Penn Hurdlar, when he romped over the low sticks at 220 yards to win in 24 1-5 seconds. He may be the man to stop Kenneth Grumbles, of the U. S. C.

JUNIOR CAGERS ARE HONORED

All who saw the game agreed that it was one of the best that was ever staged on the City Hall court—for Bishop was scheduled to overwhelmingly defeat Hart in all sets.

Walter Camp at His Last Game

This was the last photograph ever taken of the late Walter Camp, as he sat on the sidelines of a big football game. The "Father of American Football" never failed to get a thrill from watching the game, which will always be most closely identified with his name. There is to be a \$300,000 national memorial to him at the entrance to the famous Yale Bowl, to be erected through contributions from every university, college and "prep" school in the country where football is played today.

SPORTOGRAPHS

OAKS

The Oaks seem to have plenty of trouble in winning a Sunday afternoon game on the home field, for again they lost the afternoon game—this time to the Mission team by a score of 10-4 after playing fifteen innings in the morning game trying to split the tie of 2-2. The Oaks are still going up to the head of the list but Ivan Howard is casting around trying to find some encouragement for his boys to take the afternoon games.

OAKS-MISSION GAME PROTESTED

Walter McCredie, manager player of the Mission team has protested to Harry A. Williams, president of the Pacific Coast Baseball league about the Mission-Oakland game that was played last Wednesday at Oakland. The situation, according to Sport writers, is unprecedented in baseball. Umpire Carroll, cutting through the infield to cover a double play, apparently, collided with Hub Pruett, left handed pitcher for the Mission team, who was running second base. Pruett was touched out while on the ground. Umpire Moran allowed time out and sent a substitute runner to third base. McCredie claims further play was possible.

SWIMMING

Gloria Seigliano, of the Fleishacker club of San Francisco, won the 220 yard free style P. A. swim championship on Sunday at the Idora park open pool. Gloria triumphed over a field of ten entries. "Tommy" Yearling came second and Doris Robinson came through a close third. All three are members of the Fleishacker club.

YACHT SEASON OPENS

The opening parade of the Yacht season was staged on San Francisco Bay on Sunday when yachtsmen of the bay regions turned out their crafts and headed them before the wind. Thousands lined the shore to see this spectacle of the year. The yachts and the innumerable motor boats from the San Francisco, Corinthian, Aeolian, Oakland, South Bay and Vallejo clubs formed at the Mission Rock and then headed homeward in their respective squadron.

Gall Bladder Troubles Gone!
To Whom It May Concern:
For over a year I had trouble in my gall bladder, pain on my right side, vomiting and a general rundown condition. On February 23rd of this year I had an attack of appendicitis, the pain of which was so severe that I could not sleep at night. I came to see the Chew & Chew Herbs and after taking one dose of herbs I was greatly relieved. I continued to take the herbs for a few more weeks and I am all well now. March 14, 1926.

SUNKEN ROAD IS AGAIN IN THE LIMELIGHT

MARTINEZ, May 3.—A force of workmen was rushed to the Avon Bay Point road on Sunday night by County Engineer Ralph J. Anderson, to extinguish the tulle fire, started by a cigarette or match, that threatened to undermine the road and cause another sink.

The tulle fire burned for several hours and caused the peat land which underlies the highway to catch fire. The fire was stopped before it did much damage to the peat, which would smoulder for months before being drowned out.

In the sink between Peyton and Fairview, hundreds of eucalyptus trees are being cut and thrown into the water to form a mattress for the road. Oil drums from the Associated and Shell Oil companies are also being used and Anderson has announced that he would willingly receive all junk to be used in filling the sink.

A suggestion has been made that only privately owned automobiles should be allowed to use the road until it is repaired. Signs have been posted at Martinez and Bay Point, warning all truck drivers that they use this route only at their own risk.

U. S. Hotel Men Are Received by Von Hindenberg

(By Universal Service)
BERLIN, May 3.—A delegation of 3000 American hotel proprietors today was received with the highest honors by President Von Hindenberg his cabinet and members of society as U. S. flags fluttered over the German capitol.

American Ambassador Schurman, speaking at a banquet in honor of the delegation tonight compared President Von Hindenberg to George Washington as being "first in war, first in peace, and first in the hearts of his countrymen."

Foreign Minister Strossmeyer speaking at the same gathering sent a message to President Coolidge thanking him for sending such men as Mr. Houghton and Mr. Schurman to Germany.

Great Class Struggle On In England

(Continued from Page 1)
for verification difficult to find and rely upon.

An English statesman called the situation the most momentous since the fall of the Stuarts when Cromwell seized the emblems of power. In the House of Commons the situation was no less tense than in the early days of 1914, when Premier Asquith announced that Belgium had been ravaged and that Britain would never sheath the sword until her wrongs were righted. The only fundamental difference between these two historic national crises is that whereas Britain was united against Germany, it is cleft in two on present national economic issues.

There is an almost unanimous feeling that the miners should enjoy good wages for the arduous work they perform. On the other hand there is a national split regarding the unions and the general strike measure which was designed to aid the miners in their struggle.

That a titanic conflict is inevitable is shown by the spirit manifested on all sides directly engaged in the dispute.

The government refuses to continue negotiations under the intimidatory menace of the general strike. The unions declare the miners' wages are being inhumanly attacked. All government resources are of course marshalled for the protection of the public.

It is understood that the union have a fund of \$100,000,000 in reserve, plus sympathetic, cooperative resources.

What has stunned Britain is the fact that an organized body of four million workers are able to paralyze a nation of 45,000,000 people, and both the government and the unions are making speculative bids for sympathy from the millions of people whose interests are not directly pitched into the conflict.

The unions are making much capital of the chaos in the government's attitude toward the negotiations on receipt of the news of the sporadic strike in the printing trades, which presented the appearance of the Daily Mail this morning. The incident, however, was merely symptomatic of the spirit animating the labor element.

A historic session in the House of Commons today saw an exhausted prime minister defending the constitution and justifying his peremptory demand that the unions call off the general strike.

J. H. Thomas, leader of the British railwaymen, followed with a statement that the unions were only fighting for fair wages and that the declaration that if a plebiscite were taken of the workers of the country, not two per cent would vote for revolution.

Next Lloyd George, astute and careful, regarded by many as the master of the hour, stated that it was not yet too late to find a way to peace. In a dramatic phrase the premier emphasized the deep, fierce passions that underlay industrial disputes.

It developed from the speeches that the labor leader placed responsibility to the government and that the government in turn passed it to the mine owners. Premier Baldwin in answering said that the miners and mine owners were the most implacable forces he had ever encountered.

As soon as the leading speeches in the House of Commons debate had ended, unofficial negotiations designed to bring the warring parties together were reopened.

The scene of the parley was the historic House of parliament, whither a large crowd had foregathered to glean news of the last hour developments.

Following the intimation by Churchill that the door remain open for negotiations, J. H. Thomas the rail union leader, initiated discussions between representatives of the Ministry, the Trades Union Congress and the Miner's Federation.

The parley continued three hours, when it was announced an hour before midnight that the parties were unable to agree and that the strike must proceed.

The deadlock continued because of the government's insistence that the Trades Union Congress immediately withdraw the general strike notice.

Londoners tonight expecting to be confronted with a general strike situation tomorrow. In the meantime the government speeded up precautionary measures, mobilizing reserves and inviting reserve officers to serve in civilian capacity; appealing to owners of automobiles to loan them for the service of the community.

Six thousand volunteers were enrolled at Whitehall to assist in the distributing of milk and other food supplies.

King George, wearing a Democratic derby hat, motored from Windsor Castle to Buckingham Palace today and this evening held a privy council. It is understood the King seriously considered personal intervention with a view of ending the deadlock between the government and the Trades Union Congress, but at this hour he has not taken that action.

Coolidge Endorses Boulder Dam Plan For Water Supply

(By Universal Service)
WASHINGTON, May 3.—Declaring that the people of the southwest must be protected with a constant supply of domestic water to meet their rapidly increasing needs, President Coolidge today endorsed without reservation the revised Swing-Johnson bill for construction of a great dam at Boulder Canyon in the Colorado river.

The great dam would protect 60,000 people and their \$100,000,000 of property in the Imperial Valley by impounding the Colorado river waters during the seasons of dangerous freshets.

It would likewise guarantee a continuous flow of water for domestic uses needed in the near future by Los Angeles and the other swiftly-developing communities of the southwest.

Those are the important reasons why the great dam, regarded as the most striking engineering feat proposed by the Coolidge administration, should be constructed without further delay, President Coolidge said today to a committee from the House Committee on Irrigation and reclamation which conferred with him at the White House.

And, by happy coincidence, the great dam will generate so much electric power that the sale of the electricity to the people of the southwest will compensate the government in a very few years for every cent expended for all the other purposes, President Coolidge observed to the committee.

Chairman Addison T. Smith, of the House committee, Rep. Sinnott of Oregon, the ranking member, and Rep. Philip D. Swing, one of the authors of the bill, were the members received by the President. They frankly admitted their surprise that the President was so well informed on the details of the bill.

"I am exceedingly gratified by the result of the visit to the President," said Swing. "The committee will meet on Wednesday, chairman Smith said, and he hopes that action will be taken at once."

President Coolidge told them he was much impressed by and heartily in favor of that draft of the bill which bore the recommendation of Dr. Hubert Work, secretary of the interior, and of Herbert Hoover, secretary of commerce. He said also that he is gratified by the financial arrangements put into the bill at the suggestion of Secretary of the Treasury Mellon.

The bill to which the President gave his approval has been reported favorably by the Senate committee on irrigation and reclamation.

SILK WORKERS MAY STRIKE

(By Universal Service)
PATERTON, N. J., May 3.—Prediction that the silk workers of Paterson may go on a strike soon were made tonight following a meeting under the auspices of the associated silk workers.

The meeting was announced as one of "protest against the brutalities of the police in Passaic."

The protests, although voiced by the speakers, seemed secondary to the enlisting of support among the silk workers for the textile workers.

HARBOR BIDS POSTPONED

The consideration of bids for the leasing of the municipal wharf, scheduled to have been held by the city council last night, was postponed and the date set for Monday, May 17. At that time it is expected that the matter will be decided.

Protests Against Sewers Filed With El Cerrito Dads

Petitions containing about forty signatures were received by the El Cerrito city clerk last night, protesting the sewer improvements in the hill section of El Cerrito.

The petitioners made objections to the placing of the sewers and to the assessment district.

On a motion of Trustee Phil A. Lee, the matter was laid over for one week. The chairman Chas. W. Zimmermann appointed R. N. Steele, C. L. Lyons, Mrs. McCormick, A. Chevin and W. L. Patrick of the hill district to meet with City Engineer Ross L. Calfee and City Attorney Wilbur S. Pierce Friday evening at 7:30 p. m. in the city hall to discuss the sewer improvement and report back next Monday night.

JANITOR NAMED
On a motion of Trustee Fred Lutz, the trustees of El Cerrito appointed A. Baxter, janitor and gardener of the city hall at a salary of \$15 per month.

TO ACCEPT FIRE ALARM
The recommendation of Fire Commissioner Frank MacDermott, that the Gamewell fire alarm system be accepted was passed by the board.

SOFT DRINK PERMIT
The board granted two soft drink permits Monday night, one to G. H. Quist at the El Cerrito Auto camp and one to the Contra Costa Market on San Pablo avenue near Hill street.

TO CLOSE STREET
A resolution closing portions of Jane and D streets were passed by the trustees.

LOCAL LABOR DEMANDED
City Attorney W. S. Pierce was instructed to draw up a resolution, asking the contractors to employ local labor on the El Cerrito school buildings under construction.

The suggestion was made by Trustee Phil A. Lee.

Serious Situation Reported Following Mexican Decision

WASHINGTON, May 3.—A serious situation is reported here tonight to have arisen over the decision of the special claims commission that Mexico cannot be held responsible for the massacre of an American mining engineer at Santa Ysabel, Mexico.

Admitting that it has received an interesting report from the American embassy at Mexico City, officials of the state department tonight declined to discuss it until the arrival of Judge Perry, American member of the commission now hurrying to Washington.

Perry is understood to have crossed the Mexican border at Laredo and will arrive within the next few days.

Perry was one of the three commissioners considering claims of American citizens growing out of revolutions in Mexico. Mexico was represented by Gonzales Roa Judge at Octavio. A Brazilian jurist officiated as the neutral member of the commission.

The case growing out of the massacre of Americans at Santa Ysabel is understood to have been the key to all the rest.

PLUMBERS LICENSE

The request of M. J. Mathias for a plumber's license was referred to the license committee to investigate his qualifications and report on its recommendation at the next meeting of the council.

MEXICO TO BUILD LARGE AERIAL NAVY

(By Universal Service)
MEXICO CITY, May 3.—President Calles has placed a big order for airplanes for use in making the first accurate map and pictures of the Republic. It was announced today. The order has been given to British manufacturers.

Orders have also been placed with Sweden and Denmark for a large number of offensive planes. The president stated adding that because of the facility to build up a navy he will organize a competent air service.

Railroads Are Tied Up

vice to the Waterloo station and the Cunard company is therefore organizing automobile transport from Southampton.

It is expected that many Americans will leave the Mauretania at Cherbourg to avoid the discomforts attending the strikes.

The shipping companies here are prepared for a slump in eastward passenger business unless the strike is speedily settled.

Thus far there has been no rush to leave England on the part of Americans who prefer to wait a few days and watch developments, but a big exodus is certain if the strike is prolonged, for the theatres and night clubs will be closed and gasoline supplies will be refused for automobiles for pleasure touring.

The hotel men, who are all interested in the "luxury trade," fear a tremendous loss in American summer revenue, even if the strike is only of a short duration.

There was some speculation today as to whether the strike which is bound to cripple British shipping, would have the opposite effect on American vessels and be a benefit.

American shipping board representatives here declared that in their view the strike will hurt all interests.

"The strike cannot aid us in any way," declared vice-chairman, Plummer. "We will suffer with the rest."

90-Pound Bell-Hop, 51 Years Old, Can Juggle 300 Pounds of Baggage

Campbell McGavin, 51 years old and weighing only 90 pounds, is a bellhop in a Los Angeles hotel. Despite his size he thinks nothing of juggling 300 pounds of baggage at one time. McGavin has had a most adventurous career, having been a jockey and a prize fighter, then a furniture mover, to say nothing of being a seasoned soldier of fortune.
